Lower Level

1 ORGANIZED ENTRY

This garage entry area and understairs closet are designed to minimize clutter right where it starts, bringing peace to the rest of the home. A standard floating ledge with included outlet below provides an ideal location for a key drop, phone charging, or setting down a bag.

2 WELCOMING SPACES

This bright and spacious foyer welcomes you in and offers an excellent coat closet for storage. A small nook for entry furniture or decoration allows an opportunity to display inviting keepsakes that add warmth and joy to your home. Ask your Sales Consultant for more details.

3 SMARTER LIVING

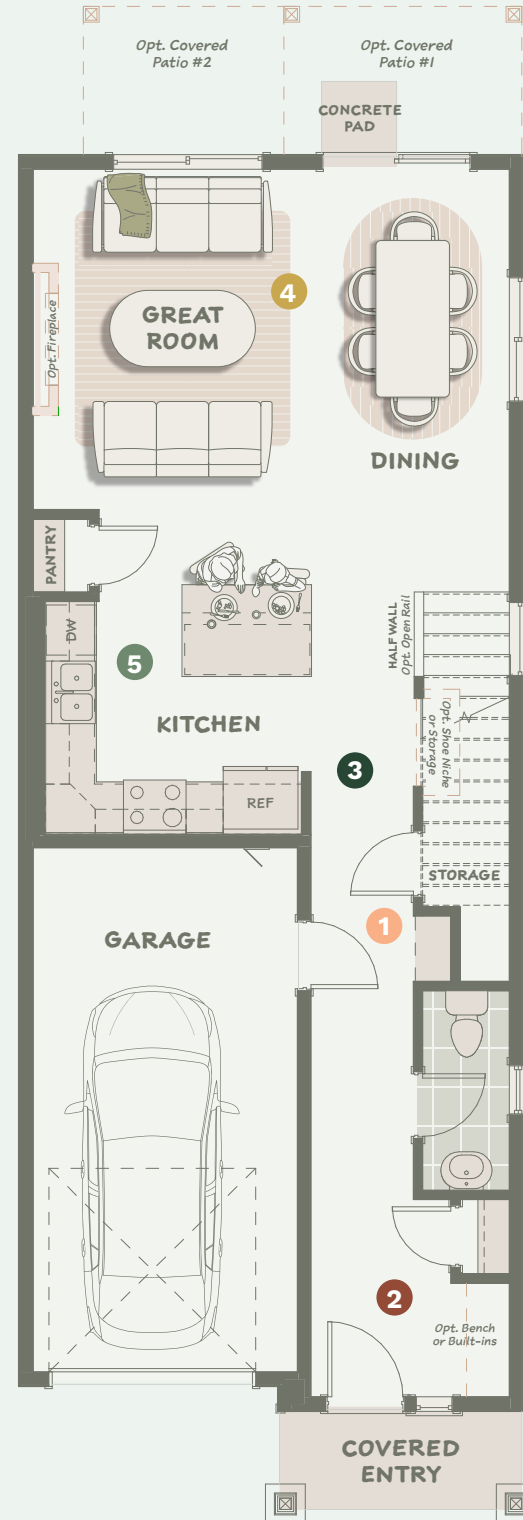

The short distance between the garage entry and kitchen minimizes the toll of carrying heavy groceries which can weigh dozens of pounds.

4 HAPPY MEMORIES

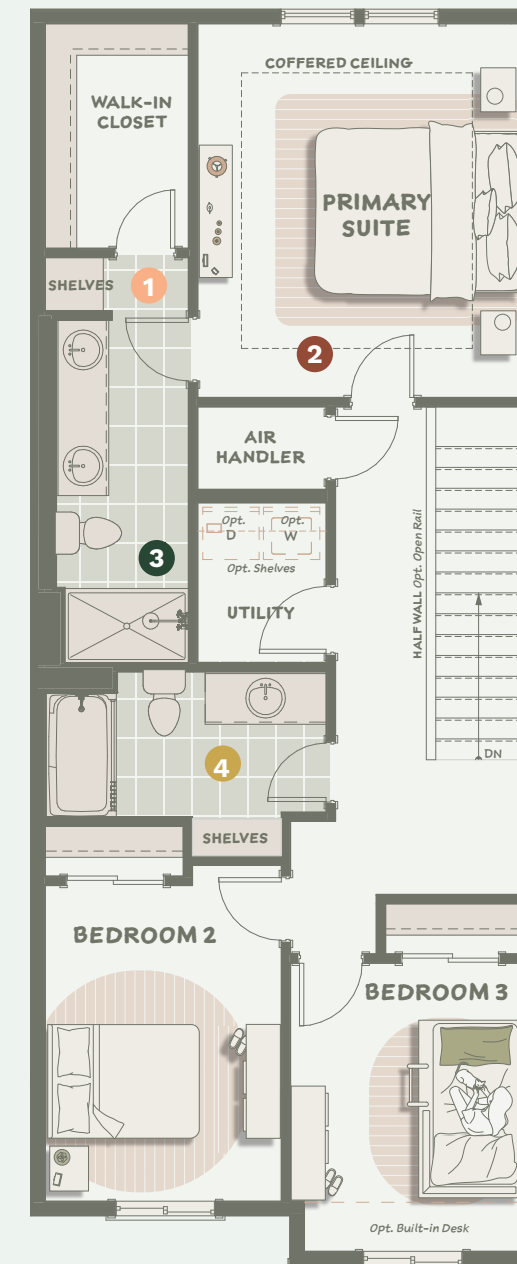

This open concept living and dining area is designed to bring people together. The seamless flow into the kitchen and expansive windows create bright, connected spaces—perfect for entertaining guests or keeping an eye on children and pets. Ask your Sales Consultant about available variations for the kitchen and dining layout to make this space uniquely yours.

5 CALM KITCHEN

Clear from fixtures, the island countertop offers a large, uninterrupted prep surface to make cooking more enjoyable. A pantry closet keeps everyday essentials neatly tucked away, while the generous closet beneath the stairs offers extra storage for bulk goods, cleaning supplies, or anything you'd like out of sight—helping your kitchen stay calm and organized.

Upper Level

1 BLISSFUL SANCTUARY

Open shelving offers convenient storage for towels and other essentials. Thoughtful design touches enhance the spa-like atmosphere, creating a relaxing retreat.

2 PEACE AND PURPOSE

Coffered ceilings are popular for their visual depth, but did you know they can also help with acoustics by absorbing sound? The effect is a calmer space which aids in relaxation.

3 BUILT FOR YOU

Plenty of options and variations throughout the home allow you to enjoy personalized design* for your unique lifestyle. Ask your Sales Consultant about our design centers for more details. *Depending on construction timelines.

4 STORAGE IN STYLE

A large bathroom counter provides ample storage while open shelving creates a beautiful and functional place for towels and bath essentials.

Renderings, floor plans, options, and variations on all pages are computer generated. Actual construction may vary. Pricing, dimensions, exteriors and specifications are subject to change, and depend on construction timelines. Ask your sales consultant for more information.

WHAT IS LIFEMADE?

Lifemade™ draws on real homeowner data and insights to guide every design and construction decision, ensuring that each home is thoughtfully crafted to be the happiest place in the world.
