Lower Level

1 EFFORTLESS GARAGE

A dedicated storage closet keeps your necessities and hobbies organized, while a water heater nook provides plenty of parking clearance to reduce everyday friction.

2 PEACEFUL OUTDOORS

Time outside can boost your well-being, and a covered patio allows you to enjoy the benefits year-round.

3 SMARTER LIVING

The short distance between the garage entry and kitchen minimizes the toll of carrying heavy groceries which can weigh dozens of pounds.

4 CONTINUOUS FLOW

The central kitchen and open great room bring everyone together while maximizing sightlines for entertaining.

5 WELCOMING SPACES

This spacious foyer welcomes you in and provides an excellent coat closet. Down the hall open shelves allow for extra storage and an area to display inviting keepsakes that add warmth and joy to your home.

Upper Level

1 FUNCTIONAL DIFFERENCE

This hall features a spacious landing designed with just the right proportions to offer a little extra utility. Its shape works well for a compact workspace, a cozy reading nook, or furniture with added storage. Ask your Sales Consultant for more details.

2 WELL-TAILORED

Unlike open lofts, an upstairs den with doors offers privacy and noise reduction — perfect for a playroom, media room, office, or guest space. Check the variations page for other versions of this space.

3 PEACE AND PURPOSE

Coffered ceilings are popular for their visual depth, but did you know they can also help with acoustics by absorbing sound? The effect is a calmer space which aids in relaxation.

4 SPACIOUS EASE

The utility room has an optional structure that can help with adapting to your routine. Open space next to the machines can be great for pet areas, drying racks, or laundry hampers.

WHAT IS LIFEMADE?
