Main Level

1 CAPTURE CLUTTER

Just off of the garage and conveniently close to the kitchen, a drop zone and storage tame messes and make organizing easy.

2 SPACIOUS EASE

Featuring ample shelf space the linear pantry makes it easy to maintain a stocked kitchen, and keep less frequently used countertop appliances out of sight.

3 FULL BATH

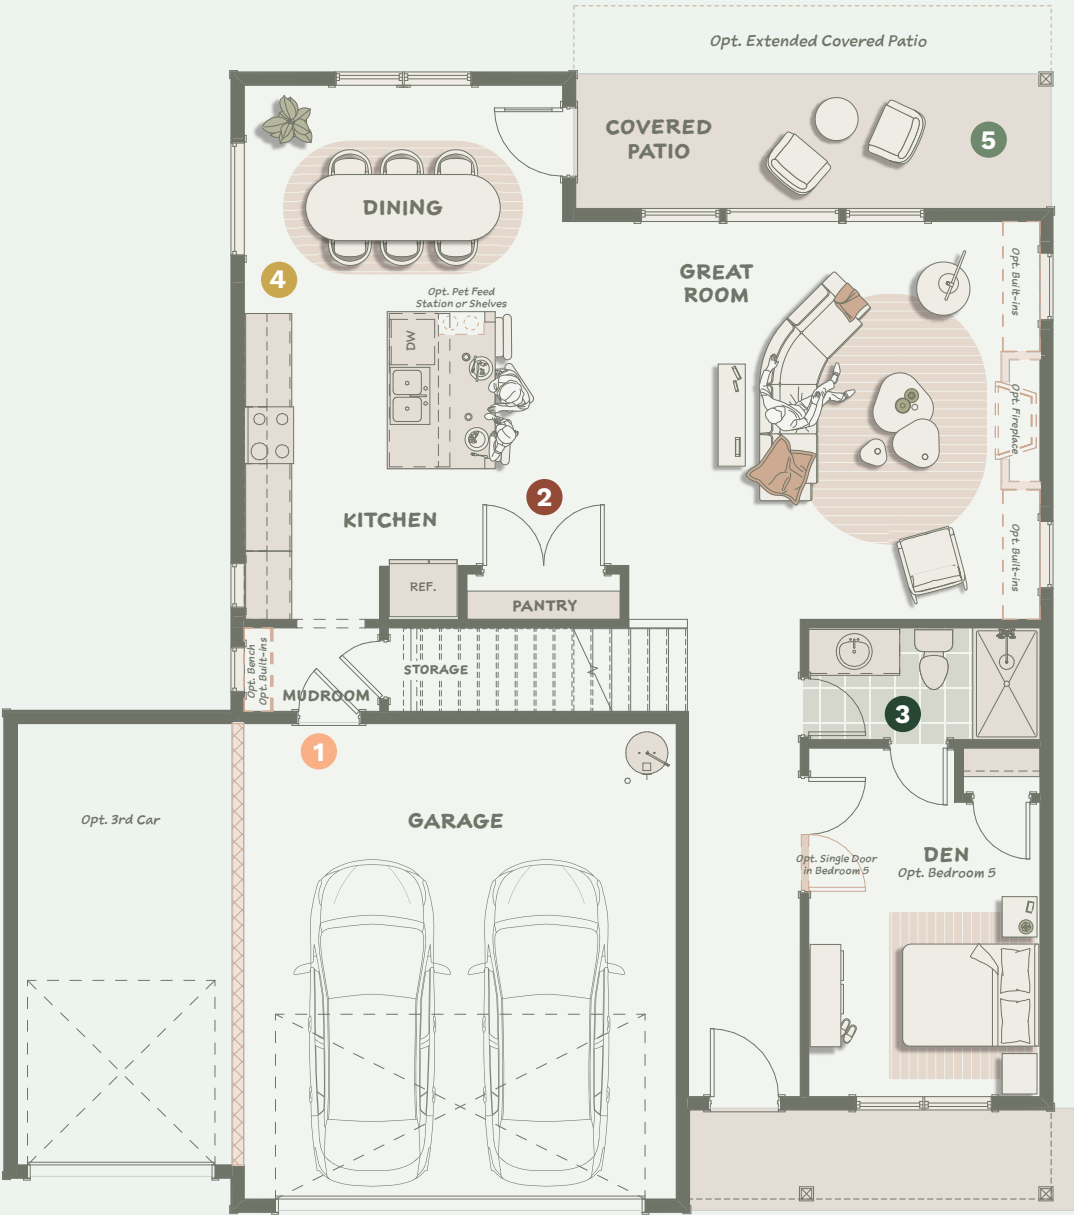

Family and friends from out of town will love visiting. This first floor guest room with an ensuite offers comfort and privacy helping to make sure everyone enjoys their stay.

4 ABUNDANT LIGHT

Attributed to creating a sense of calm and overall wellness, natural light makes a big difference in how a home feels. Ample windows in the kitchen, in the drop zone, next to the fireplace and along the back of the home help the first floor feel light and airy.

5 PEACEFUL OUTDOORS

Enjoy the outdoors 365 days a year under the covered patio. With enough space for a grill and seating, dining al fresco doesn't have to wait until summer.

Upper Level

1 ADAPTABLE ALCOVE

Whether a study nook, compact home office, or quiet spot for hobbies, this alcove offers so much flexibility. This space easily adapts over time as a family's needs change!

2 BONUS ROOM

Toys, gear, and hobbies have a way of taking over. The bonus room gives chaos its own space — managing the noise of movies, games, and music. It can even convert into a fourth bedroom with a closet.

3 SLEEPING SOUNDLY

Flushing toilets and the air handler have been strategically arranged to minimize contact with bedroom walls.

4 SPLIT BATH

Separate toilet and shower area lets multiple people get ready simultaneously - no more morning traffic jams

5 CLEAN, STORE, CHARGE

This cleaning closet is a powerhouse. Combining dedicated storage for linens and cleaning supplies, this closet comes complete with an outlet for charging a cordless vacuum.

WHAT IS LIFEMADE?

Lifemade™ draws on real homeowner data and insights to guide every design and construction decision, ensuring that each home is thoughtfully crafted to be the happiest place in the world.

Renderings, floor plans, options, and variations on all pages are computer generated. Actual construction may vary. Pricing, dimensions, exteriors and specifications are subject to change, and depend on construction timelines. Ask your sales consultant for more information.
