Main Level

1 ELEVATED LIVING

12' ceilings in the great room make the space feel larger and more open, adding a touch of luxury that elevates the entire home.

2 STYLISH SOLUTIONS

The nook in the dining area creates found space for a hutch or sideboard, adding personality while improving livability. A nearby pantry closet also maximizes storage, making the most of the layout.

3 CALM KITCHEN

A kitchen with an oversized island, walk-in pantry, and prep area provides ample storage to ensure stress-free living.

4 PEACEFUL OUTDOORS

Time outside can boost your well-being, and a covered patio allows you to enjoy the benefits year-round.

5 EFFORTLESS GARAGE

A standard 3-car garage provides maximum space while the water heater nook ensures plenty of parking clearance to reduce everyday friction. Check the variations page for other variations.

6 BUILT FOR YOU

Plenty of options and variations throughout the home allow you to enjoy increased functionality and personalized design for your unique lifestyle. Ask your Sales Consultant for more details.

Renderings on all pages, floor plans, options, and variations are computer generated. Actual construction may vary. Pricing, dimensions, exteriors and specifications are subject to change, and depend on construction timelines. Ask your sales consultant for more information.
