Lower Level

1 ORGANIZED ENTRY

This mud room drop zone and understairs closet are designed to minimize clutter right where it starts, bringing peace to the rest of the home.

2 EFFORTLESS GARAGE

A water heater nook improves parking clearance to reduce everyday friction.

3 PEACEFUL OUTDOORS

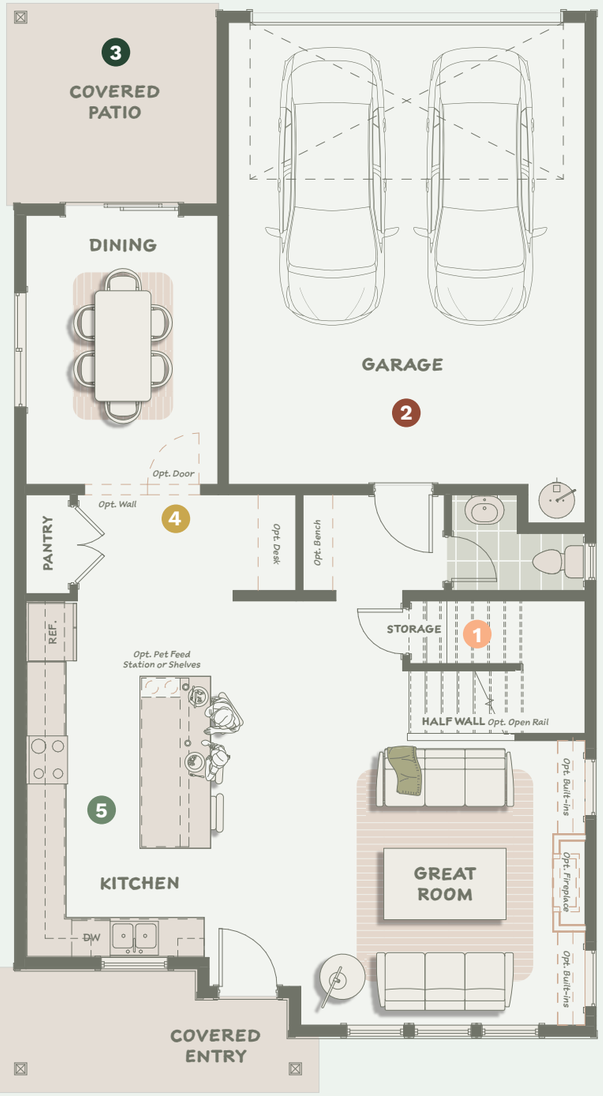

Time outside can boost your well-being, and a covered patio allows you to enjoy the benefits year-round.

4 PURPOSEFUL SPACES

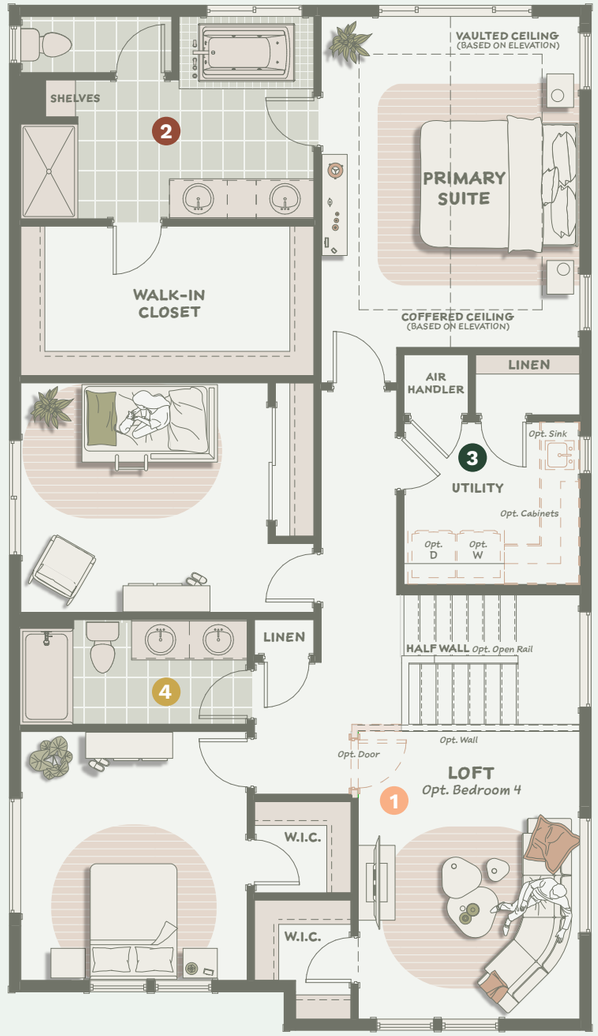

This defined dining space feels like a formal dining room while keeping a seamless connection to both the kitchen and covered patio, ideal for hosting and entertaining in all seasons. The nook just off the dining space provides an excellent location for a DIY bar or coffee cart, porcelain cabinet, or other storage. Depending on the stage of construction, a desk surface can be selected here to create a convenient tech zone.

5 CALM KITCHEN

The kitchen sink is positioned with a view of the outdoors, creating a calming experience while washing dishes. Clear from fixtures, the oversized island countertop offers a large, uninterrupted prep surface to make cooking more enjoyable.

Upper Level

1 LOFTY SPACES

Whether relaxing or entertaining, this loft is an excellent space to enjoy the cozy comforts of home. Check the variations page for other versions of this space.

2 BLISSFUL SANCTUARY

This primary suite includes a very spacious 5-piece bath with a separate water closet for privacy. Plenty of natural light, open shelving, and a generous walk-in closet are the cherry on top.

3 SPACIOUS EASE

The laundry room has an optional structure that can help with adapting to your routine. Open spaces next to the machines can be great for pet areas, drying racks, or laundry hampers. The spacious closet provides additional storage for essentials or cleaning supplies. A window offers natural light and ventilation.

4 BUILT FOR YOU

Plenty of options and variations throughout the home allow you to enjoy increased functionality and personalized design for your unique lifestyle. Ask your Sales Consultant for more details.

WHAT IS LIFEMADE?

Lifemade™ draws on real homeowner data and insights to guide every design and construction decision, ensuring that each home is thoughtfully crafted to be the happiest place in the world.

lifemade™
homes built for happiness™

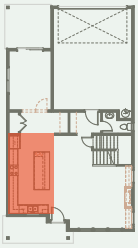

Renderings, floor plans, options, and variations on all pages are computer generated. Actual construction may vary. Pricing, dimensions, exteriors and specifications are subject to change, and depend on construction timelines. Ask your sales consultant for more information.
